

### Arrangements for collecting party bags.

There will be 4 tables alongside the lay-by. If you are driving you should pull in here and the staff member at the table will reach you your party bag. This will be done promptly in order to maintain a steady flow of traffic. **Please do not get out of your car.**

If you are walking you should go to the table marked W on the other side of the school entrance to collect your party bag. **Only one adult per family should approach this table to collect party bags, children should not approach the table to collect party bags.** Any children walking with parents should remain on the opposite side of the road. Please remember to remain socially distant at all times.

There will only be party bags available for current pupils of  
Braidside Nursery and Primary School.

Thank you.
